LEGEND OF THE SEAL OF THE LOWER MORELAND SCHOOL DISTRICT

The seal is composed of a shield representing the original township of Moreland. However, in 1917, Moreland Township was divided into Upper and Lower Moreland. This division is indicated on the shield by the Pennypack Creek, a historic stream bordering our community. On the banks of the Pennypack is the grist mill, symbolizing the early industry of this section.

On the lower half of the shield we find the scroll, which characterizes the early means of exchanging thought by the written and printed word, and the growing oak, symbolizing development and strength.

Mounted on the top of the shield is a rampant lion taken from the crest of the Moore family. Nicholas Moore, a member of this family, received from William Penn the original grant of land of Moreland Manor, later to become Moreland Township.

Supporting the shield is a Grecian lamp shedding rays of education and enlightenment. The entire seal is bound by an endless ribbon representing unity of purpose and effort. On this ribbon the identity of the seal is inscribed.

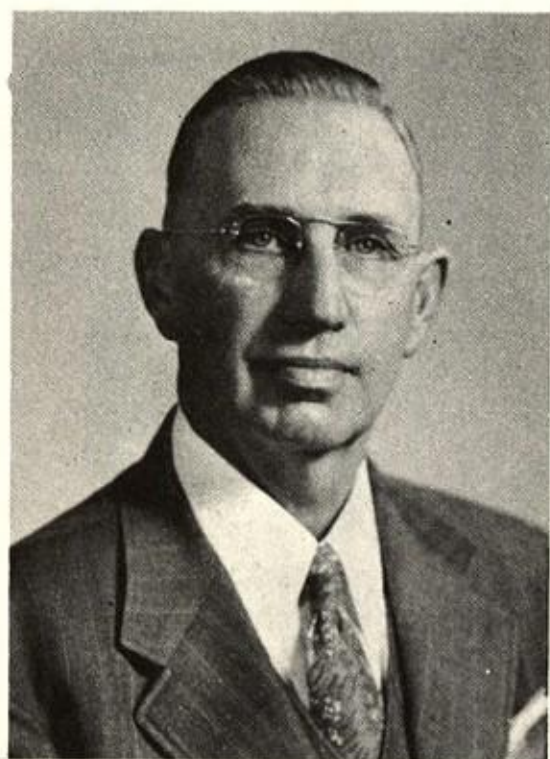

DEDICATION

We, the class of 1952, are the twenty-fifth class to be graduated from Lower Moreland High School since it attained its full stature as a four year high school.

Since we think this anniversary is a very important milestone in the history of our Alma Mater, we are dedicating this 1952 Elmleo to our school.

We know what it has meant to all of its graduates throughout these past twenty-five years and we have ample proof that the future graduates will have even more reason to be proud of their school as it maintains its standards and keeps pace with the growing community it serves.

ADMINISTRATION

TO THE CLASS OF 1952

Your high school days are now complete. Your graduation, which to you a few years ago seemed so far in the future, is now at hand. In those few years your curricular and extra curricular experiences have helped you as individuals achieve the goals you set for yourself. The degree of achievement has been measured wholly by the effort you put into your work.

Whatever career you have chosen; enter upon it with a determination to do your best at all times so that your compensation will be twofold; your financial gain and your personal satisfaction in doing your best.

We hope for your success and desire that you will cherish the memory of your high school days, because as you gain in years and in experience you will come to know that these years were truly pleasant and helpful.

Very sincerely,

Franklin R. Hohe

Supervising Principal

It is a pleasure to congratulate the senior class upon the publication of the 1952 ELMLEO. Through this yearbook we can again and again enjoy the many pleasant school experiences and associations.

We hope that in addition to these cherished memories you will also carry with you the firm educational foundation that contributes so much to a happy and successful future.

HELEN MARY ALLMON

Huntingdon Valley

Commercial

*Willing to lend a helping hand,
At your side she'll always stand.*

Helen, friendly and easy to get along with, has been a real asset to our class. She has been extremely interested in all school activities — except homework. (But who is?). In our junior year Helen played an important part in our play, for she was our prompter. She played intramural volleyball and basketball and in her sophomore year was co-captain of our intramural basketball team. Helen was also a member of the varsity hockey squad. Her choice of clubs included Safety, Glee, and Tri-Hi-Y. Helen enjoys especially dancing and caring for children and does both extremely well. After graduation Helen plans to be one of our many working girls until she "settles down" to a domestic career.

GEORGE T. BALDWIN

Philmont

Academic

*As an absent-minded "prof" he would be great,
We wonder if such could be his fate.*

Pleasing personality and lots of ability in a variety of things make George an important member of our class. He played varsity basketball and baseball for three years and all intra-murals for four years. George was not only a capable and fast man on the basketball court, he was also a helpful member of Hi-Y, Art and Science clubs. George insists he would like to be tall but has cheerfully resigned himself to the "lower brackets." Frankly we haven't missed any inches George pines for. We like him "as is" and we know inches won't keep him from a satisfying future. They certainly didn't keep him from being voted the best dancer!

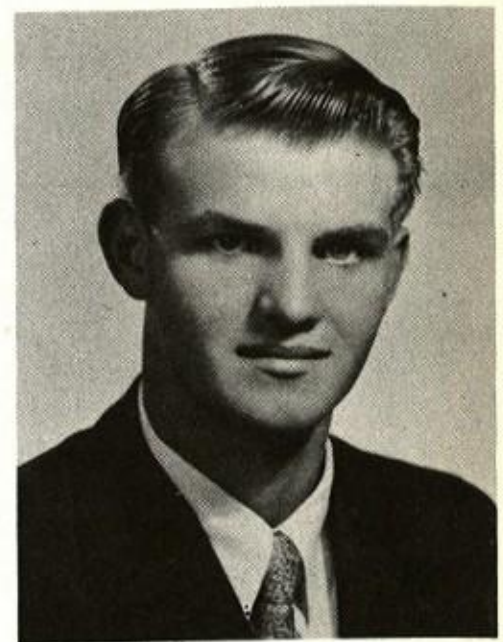

RAYMOND WESLEY BARTRAM, JR.

Feasterville

Academic

*The kind of boy who makes a true friend
and the kind whom these friends will always defend.*

Ray was always ready with a friendly word and smile that made him a popular classmate. He spent most of his sports days on the football field where he was a varsity player for two years. In intramurals he participated in baseball as well. Ray's favorite clubs were Science and Hi-Y since he has a sincere interest in both fields. This easy-going fellow has no special hobbies but in his own words "does a little of everything." In the future we know that Ray will also be successful doing a great deal of something.

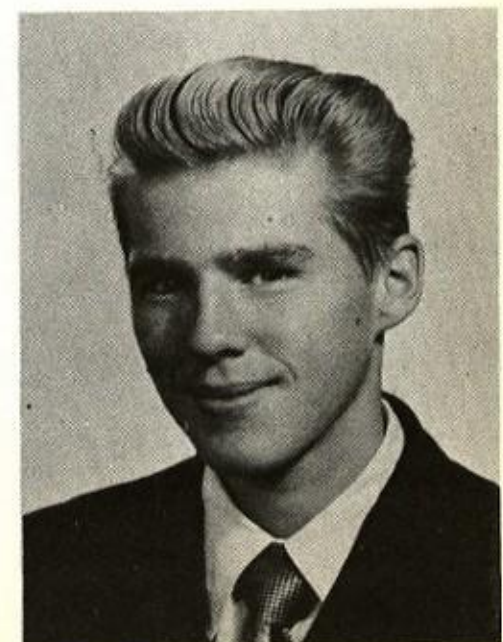

BRANT WILLIAM BECKER

Huntingdon Valley

General

*A friendly guy with a flair for art,
No doubt in his future it will play a large part.*

Brant, one of our sports minded classmates, was well liked and was always either drawing pictures of football players or talking football. His varsity football experience must have given him his enthusiasm. Beside football Brant was very good in art and he tells us art is his special interest. Note the cartoons in this yearbook and you'll see! He belonged to the Hi-Y and Hunting and Fishing clubs. Brant couldn't honestly say he ever enjoyed school but he enjoyed his many friends who suffered with him. At present his interest seems to be the Navy and all that it offers. If this becomes his next step, our good wishes go with him.

CLARABEL CARSON

Langhorne

Academic

*The career minded sister of the Carson pair
The girl with a "future" and bright red hair.*

Clarabel, our red haired twin, was one of our top students who excelled in math and science. Clarabel was always a willing teacher to all those students who didn't quite understand the "Pythagorean theorem." She was an active participant in intramural sports, playing basketball and volleyball in her junior and senior year, and her homeruns which came during four years of intramural baseball will long be remembered. Clarabel was a member of the Fellowship and Art clubs. She very definitely likes sports and good music but she is just as definite in her dislike of English. Clarabel's future lies in the spreading of God's Word as a missionary. We want to wish this very pleasant classmate of ours all the success in the world.

IDABEL CARSON

Langhorne

Adademic

*The dark-haired lass who loves to sew and cook
To keep a neat house and read a good book.*

Idabel is the dark haired twin who likes to cook, sew, and keep house. She was another intramural athlete, who participated in all of those sports, playing basketball and volleyball in her junior and senior year and left fielder on the baseball team for all four years of her high school career. She was also a member of the Art and Fellowship clubs. Idabel likes to have fun and to try new recipes but she dislikes speed limits and History. Her hobby is baton twirling which she does with dexterity. Idabel plans to go to Pierce Business School to prepare for a secretarial job. We want to wish Idabel just as much success and happiness in her chosen career as we wished Clarabel in hers.

MARILYN FRANCES CEGIELKOWSKI

Rockledge

Commercial

*Marilyn was one you seldom heard –
For she was quiet and soft-spoken with every word.*

In class and in school we think of Marilyn as one of our more quiet class members but out of school and among her many good friends Marilyn has a less serious side. For two years the Safety Club enjoyed her efficient membership and she was also in the Shop and Tri-Hi-Y clubs. Blue eyes, fishing, hunting, and target shooting are her likes, but rainy days and homework are among her dislikes. Two things are in Marilyn's future – a typing position in her father's office for the immediate future and marriage later. Her personality and ability will make a success of these plans.

JOSEPH W. COURDUFF

Oakford

Academic

*Joe was never left without some answer,
Of fun and girls he was always a fancier.*

An easy going fellow with a pleasant smile and a ready wit – that's our Joe. I'm sure all of us will long remember at least one of Joe's funny sayings or unpredictable comments. When Joe wasn't joking around he could be found on the baseball field pitching L.M. to success. He also played varsity football and participated in all class sports. Art, Science and Hi-Y are the clubs which held Joe's attention. He also proved himself to be a worthy artist as a member of the Art Department of the Elmleo. Joe is undecided as to his career after graduation, but we want to wish him the best of luck in everything he undertakes.

ANTHONY J. D'ANGELO

Feasterville

General

*Tony is congenial — occasionally very quiet
Sometimes surprising us as being quite a "riot"*

A cheery smile, good looks, and a pleasing personality all go into the making of our Tony. Tony was one of the quieter members of our class but he was always willing to be a friend in need. Tony was a member of the Science and the Home Economics clubs. He likes to work with wood, but likes even better to eat. Like most students he dreads the thought of homework. Tony has a special interest in the Agricultural shows which he frequently attends. These shows are really beneficial as Tony intends to make farming his life's work.

ELAINE DOLORES DISTLER

Rockledge

Academic

*When friendliness and ability team up together,
What future success they will surely net her!*

Attractive Elaine was our very capable and efficient yearbook editor who disproved the old adage that beauty and brains don't go together. Elaine, an excellent student, had many varied interests with sports and music claiming most of her attention. A varsity fullback on the hockey team for two years, girls basketball manager for three years, and a member of the soprano section in the Glee club and Choir, Elaine also found time to be a member of the Lion's Roar feature writing staff and treasurer of the Tri-Hi-Y in her junior year. When junior play time came, Elaine turned her talents to the make-up department. Elaine's tentative plans include a business course. What else but success could be in the future for Elaine?

EMIL BERHART DIX

Rockledge

Commercial

*We'll remember Emil as our photography king.
We hope his future holds the best of everything.*

With Emil there is never a dull moment, for there will always be his "comments" and his friendly disposition that we have so much enjoyed and appreciated. Baseball has been Emil's favorite sport and in this he was a varsity player. His special interest in photography led him into the responsible position of chairman of the photography staff for the yearbook, and all of us are grateful for the work he did. After high school Emil hopes to prepare himself for a particular trade, but to date, he hasn't made that all important choice. Good luck, Emil!

ALBERT LOUIS JOHN EICHMANN

Rockledge

Academic

*A man's man, and a frank one
Will remember this Name after high school's done.*

Ever since we can remember, Jack has in some way or another popped up with unusual ideas. A hard-working fellow, Jack's big interests and plans all center very much around his photography abilities. His club activities were Glee, Hunting and Fishing, and Hi-Y; he was also a member of the Elmleo photography staff. Second to photography Jack's interest lies in cars. His biggest "grumble" is getting up so early in the morning, and that's very reasonable — or, at least, a popular complaint. With his many original ideas, we feel sure that Jack's plans for the future will definitely materialize and that he will be a credit to L. M.

HARRY M. FILEMYR

Feasterville

Academic

*This lad was determined in every way
But we're sure this habit will always pay!*

"Easy going" and "happy-go-lucky" are the phrases which best describe this very unpredictable classmate of ours. A transfer from St. Joe's Prep "Bud" came to us in the middle of his sophomore year. Since that time he has proven himself to be a capable athlete by playing two years of varsity and intramural football. The clubs which held Bud's interest were Hi-Y and Science. In his senior year he joined the Cheerleading Club thereby becoming the only male member. He was also a member of the Lion's Roar Staff and Business Staff of the Elmleo. Bud's plans for after graduation are not too definite but currently he would like to attend college and study metallurgy.

GWENDOLYN GALLOWAY

Feasterville

Academic

*Refinement and kindness at their very peak,
With her skill and manner she'll find joy in all she seeks.*

One of the top actresses in our class, Gwen came to us in 1949 from Harding Junior High School. Very quiet and studious Gwen still managed to make many friends during her high school career. She belonged to the Fellowship and Art Clubs, and will always be remembered as "Helen" in our junior play. Although she did very well in all her subjects, Gwen claims that chemistry was her favorite. She enjoys reading and going to baseball games but her special interest lies in raising flowers. We wish Gwen the best of luck in the future as she enters a career in nursing.

DONALD GEHRING

Huntingdon Valley

Academic

*Happy and good natured is this Jack
Whom we have never known to be sad.*

Don is not a man of many words, but is one of the quieter and more reserved members of our class. With a friendly smile and neat appearance Don is liked by every one. In class sports Don played basketball for three years. His favorite subject is science in which he excels. His hobbies are hunting and fishing. After graduation Don would like to study radio work. With his ability, thoroughness, and scientific interests he will make a success of whatever he tackles in the future.

JOAN GEIGER

Huntingdon Valley

Commercial

*On dancing feet through school she moves,
Behind are memories that she'll never lose.*

Joan's chief activity is of the really active type - dancing, and she is such a good dancer that she rated the top vote for the best dancer in our class. When Joan's dancing feet came to a halt she contributed her other talents to the Glee and Safety Clubs. Joan's interest and participation in intramural basketball led her into the foul shooting contest where she went right up the ladder to honors in this field, also. Time alone will have to take care of Joan's present dislike for cooking - or perhaps the man in her future will overcome that dislike even sooner - if she can sing and dance a little as she flips the flapjacks. Good luck to Joan!

ALBERT GRAY

Feasterville

Academic

*Jolly and fun loving with a twinkle in his eye –
One who'll smile and call a cheerful "Hi!"*

How the girls envied those long dark eyelashes that Al took for granted! They were as much a part of his personality as his cheerful good nature and congenial manner. Throughout high school Al was one of our most enthusiastic sports fans, always on hand for "the big game" and always adding spirit to our cheering section. English – or rather, spelling – was the one and only thing that ever darkened Al's bright horizon – and that never for long. This sociable classmate of ours is sure to enjoy the successful future that is bound to come his way.

MARY PAULINE GURETSE

Rockledge

Commercial

*Tall and slender is our Mary.
Her share of the work she'll cheerfully carry.*

With such a good disposition, Mary has a hard time trying to be angry with anyone or anything, and how we quick tempered people envied her! Mary was in the Shop, Tri-Hi-Y and Glee clubs and she enjoyed participating in intramurals for two years. She became an asset to the yearbook by her membership on the literary staff. Dancing, roller skating and basketball, Mary has named as her special interests. For the future she has on the agenda a job as secretary and later marriage. It's success and happiness we know are in store for Mary if she keeps the same spirit she has always shown as our classmate.

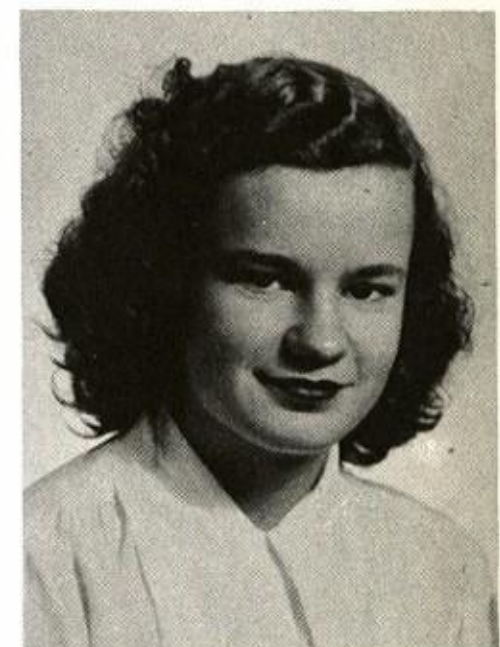

JEANNETTE ALICE HAEGELE

Rockledge

Commercial

*Cute and tiny – that's our Jeanette.
On her talents as secretary you can bet.*

Here's cute and peppy "Pee Wee" and with her comes more proof of the old saying "all good things come in small packages." We will remember her for her dependable way of doing things for our class and her friendly brown eyes and big smile. She enjoyed membership in the Glee, Tri-Hi-Y and the Safety Clubs. Basketball, both varsity and intramural were her main sports. Pee Wee's dislikes are few but she enjoys dancing, and eating (which seems to keep her spirits peppy, but does not add height or weight!) With her ability and efficiency she will become a good stenographer and we wish her success.

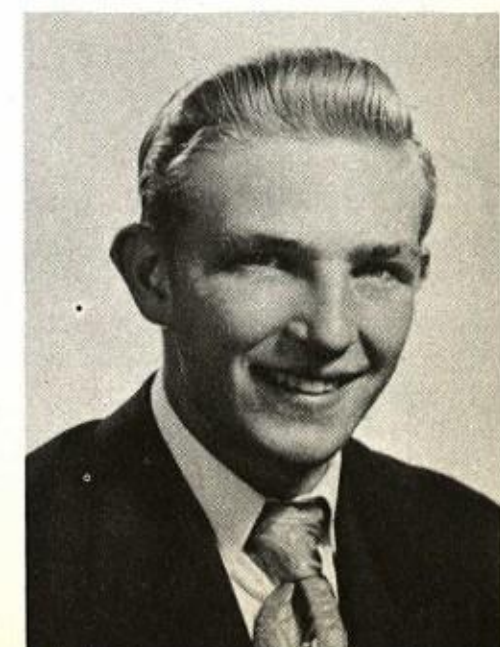

EDWARD HESSON

Feasterville

General

*A lady's man, a likeable kind,
His sunny personality will stay in our mind.*

When you think of Ed you can almost imagine a summer day, for the two are much alike; sunny, warm and friendly. Ed's active interest in sports was seen by his participation in varsity football for three years and varsity baseball for two, as well as intramurals. Ed was also manager of the basketball team for three years. The second talent that Ed brought to us from Harding Junior High was his artistic ability. Throughout school Ed has shown an active interest in art and has shared his talents on more than one occasion. In his decision to join the Navy after graduation we think Ed has made a good start for a prosperous future.

ROBERT DAVID HETZEL

Feasterville

Academic

*"When our high school days are over and done,
Rich memories for Bob will linger on."*

Since Bob joined us from Frankford High in his junior year he has shown himself to be a very ambitious student. Bob always had some new idea and was willing to lend a hand for his class at anytime. While at Frankford Bob was a varsity tennis player for two years. Here at L. M. he has been active in all intramurals. His other extra curricular activity has been in the Art club, which held a special interest for him. Among his many likes the first is travel, the second rest. That's a logical sequence if we ever heard one! The future? Some branch of the service is Bob's patriotic and sincere choice.

FLORENCE KATHLEEN HILLYER

Trevose Heights

Commercial

*As full of life as a girl can be,
Surely to the door of happiness she carries the key.*

Friendly, fun-loving, witty, cheerful "Floss" always managed to provide us with a laugh just when we needed it most. All through her four years of high school she was active in basketball and baseball intramurals and she'll be remembered as a "whiz" in both. Floss especially enjoys food, dancing, and interesting men, but when it comes to bashful boys and conceited girls it's thumbs down! Glee, Library, and Safety clubs benefited greatly by her membership. After graduation, Floss hopes to become a secretary. We hope she'll find the right kind of position and bring to it all the fun she brought to her classmates.

DAVID JENSEN

Huntingdon Valley

General

*Our own Sir Galahad in modern dress,
A cheering sight to those in "distress."*

Mix fun, good looks, friendliness, and you get happy go lucky Dave. Dave played football, basketball, and softball intra-murals throughout senior high. He had the honor of being president of the Hunting and Fishing club in his junior year. He was an interested member of the Hi-Y club, also. Sports and girls are Dave's top interests, and he claims he has no dislikes whatsoever. (Lucky Dave). Swimming and boating are his special interests. Dave's other hobbies are acrobatics, hunting and fishing. After that important day in June, Dave would like very much to display his talents in the U. S. Marines. We'll have an even higher respect for the Marines when Dave heads for the "shores of Tripoli."

LEONA KAIN

Trevose Heights

Commercial

*Lot's of bounce and flame-touched hair.
By this description she's known everywhere.*

This is another of our classmates who was always ready for a good time! Lee participated in intramural basketball for a year, was also a member of the Shop and Tri Hi-Y clubs, and in her junior year she was president of the latter. She was a member of the Lion's Roar staff in her senior year. Her likes are dancing and Italian Spaghetti and as for her dislikes the same homework and conceited people mentioned before. We have decided that Lee's coordination must be very good if we can judge by her dancing feet and driving ability. "What comes after graduation?" we asked Lee. "Who knows!" was her reply. "Work awhile, and then?"

LLOYD NEIL KENAGY

Huntingdon Valley

Academic

*One of the most reliable persons you'll ever know,
On the sure road to success we feel he will go.*

Neil was our able and responsible class president who had all the qualities of leadership and good business sense necessary to head a class of over seventy members for three years. Neil was a jack of all trades when it came to the class business and seemingly master of all. Although the class business and activities kept Neil on the go he found time to play varsity basketball for two years, to participate in the basketball intramurals, and to be a member of the Safety and Science clubs. He also put his good business sense to work for the Elmleo's business department. Neil, a good student excelling in science and math, likes physics and chemistry lab and Chryslers. Neil plans to enter Penn State where he will probably major in physics. The entire class wishes to thank Neil for a job well done and to wish him success in his future life.

WILLIAM ROBINSON KENNEDY

Feasterville

General

*Bill is always an extraordinary guy.
With a ready smile and flashing eye.*

Good things may well come in small packages, but that they can be found elsewhere is proved by Bill. A six-footer, Bill will be remembered by most of us as a "spot of sunshine," for his helpful, cheerful manner was always a real part of him. Since Bill joined us as a freshman from Wilson Junior High he has also proved his value as an athlete, with two years as a varsity end in football and three years in varsity basketball plus all intramurals. Among his club interests the favorites were Art and Science clubs. After graduation Bill has decided to become an electrician. His interest in this work and general ability will be real assets to him, as will his friendly ways and zest for life.

EVA CLAIRE KILPATRICK

Rockledge

Commercial

*Witty and original, with a lot of skill -
If anyone succeeds we know Eva Claire will!*

Eva Claire was usually full of fun and some funny sayings that made her one of our most enjoyable and unpredictable classmates. Eva liked sports and was a member of the class basketball and volleyball teams for two years, and captain of class basketball in her junior year. She chose the Tri-Hi-Y, Shop and Glee clubs as her school activities. This fun loving senior was also a very helpful member of the yearbook. She frankly admits she dislikes deceitful people. Her hobby is horseback riding. Eva was a willing worker in any class project. We'll remember how she sold candy in our senior year. Evidently "California, here I come!" is Eva's thought after June - and she may stay there. If she does, California will gain what Pennsylvania loses.

VIOLA KOLHAAS

Oakford

Commercial

*Though Viola was quiet and rather reserved,
Her school enthusiasm was never curbed.*

Vicki, though quiet in her manners and rather deliberate in her ways, has a variety of interests in her busy but well ordered life. In school Vicki's special sport interest was in basketball, baseball, and volley ball intramurals, excelling equally well in all three. For her clubs, Vickie selected Tri-Hi-Y, Shop, and typing for the Lion's Roar staff. As her hobbies, Vicki enjoys photography and playing a Spanish guitar. You see, we said this classmate had variety and spice in her life. As she goes into the business world we're rather sure Vicki will not only carry her good qualities and bring honor to L. M. but she will continue to extend her interests.

MARION C. KONZELMAN

Feasterville

Commercial

*All through school her enthusiasm was keen,
She was someone on whom our hockey girls could lean.*

Marion is one of our willing classmates who likes people and likes to do things for them. She is full of fun and has no patience with dull moments or dull people. The hockey team was very lucky to have Marion helping them as manager for several years. Marion also participated in intramural basketball for four years. She was a member of the Glee and Safety clubs and president of the Library club. Mercury convertibles and steak sandwiches rate high with this girl who dislikes rainy days and nose-y people. Marion selected the business and typing staff of the yearbook for her specialties. Marriage is definitely in Marion's scheme of things and we think the "man in her life" is a fortunate one.

WYNNE JO LAYTON

Rockledge

Commercial

*Blonde-red hair and blue-green eyes,
She was friend and good sport to gal and to guys.*

Winnie, our pretty red head with a sunny smile, always has room for just one more activity. She played varsity hockey and basketball for two years and was also active in all class sports. Wynne was an ardent member of the Lion's Roar and Elmleo staffs of which she was the capable typing committee chairman and belonged to the Chorus, Safety, and Tri-Hi-Y clubs. She also served on the Student Council for one year and had a leading part in the Junior play. She likes all sports and her hobby is dancing, especially tap and ballet. Her dislike is being called "Carrot top." Wynne's other hobbies are collecting fans and perfume lamps. These she will collect "after hours," for the position of stenographer or secretary is in line for this talented lady — unless her many interests lead her elsewhere.

NATALIE HELEN LOPACINSKI

Feasterville

Academic

*O' Laughing blonde, our voices raise,
Your merry, spirited charms to praise!*

Notchie, with her blonde hair, good looks and friendly manner, was a girl with real school and class spirit. Her enthusiasm was never confined to the "pep section" alone, for Notch was a capable Varsity member of our basketball and hockey teams as well as being a cheerleader in her sophomore year. Of course her interest in sports always extended into intramurals as well. Notchie's interest in clubs included the Tri-Hi-Y, of which she was treasurer. Her literary talents were an asset to the Lion's Roar and Elmleo literary staff. Her hobbies, interests, special likes include dancing, records, clothes and rainy weather. This pretty, perky, popular classmate of ours looks to recreation work as a vocation.

DORIS ELIZABETH LUDWIG

Feasterville

Commercial

*Always smiling, never blue,
She can quickly toss that mood to you.*

Doris joined us in her junior year from Frankford High. Again we say that this move was our gain and Frankford's loss, Doris's activities at L. M. included a two year membership in Safety club and one year in Library club. Tops in her list of likes are dancing and big brown eyes but dislikes are conceited boys and hot stock cars. Doris takes a special interest in watching L. M. football games — and have you ever seen Doris eating a hoagie? Well, that's one of her active hobbies. All who know Doris can readily understand why she was elected Maid of Honor of our May Queen Court and why she was voted "best natured" in our Who's Who line up. After graduation she plans to get a job as an office worker until she finds the right man and settles down to a happy, home life in the Mr. and Mrs. tradition.

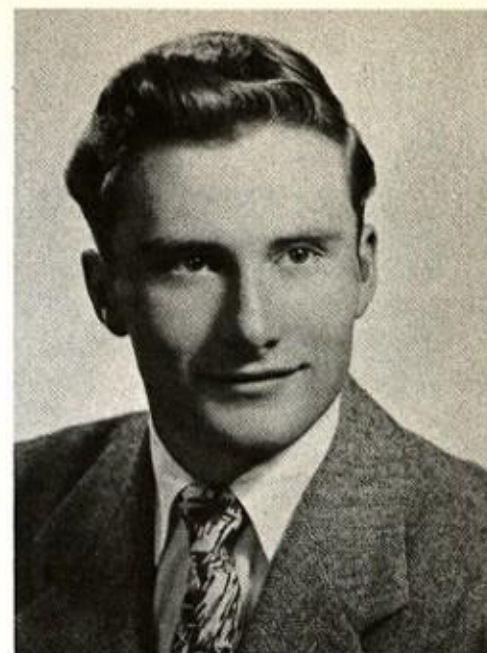

ROGER MacADAM

Feasterville

General

*This dashing lad we'll remember forever,
For his love of football and quips so clever.*

Our handsome football captain Mac will always be remembered as one of L. M.'s football heroes. Football didn't have the only claim to Mac's athletic ability and enthusiasm, since he was a valuable member of all class intramurals. He was president of the Hi-Y club in his junior year and served faithfully and whole-heartedly on the Student Council for two years. The class play claimed his interest in our junior year. Mac's many likes are movies, weight lifting, acrobatics, swimming, and ice skating. Mac's athletic physique proves an active interest in all these. Also, he was our capable vice-president for two years. We hope for the very best in the future for one of our best - Mac.

RONALD ANTHONY MASACEK

Holland

Academic

*"Quiet and reliable, he always lends a hand
For these in need he will always make a stand."*

One of the nicest and most reserved members of our class, Ron has always been a very steady person, yet he has a definite way of making friends and keeping them. We enjoy his humor, too. In sports Ron excelled in varsity football for two years, as well as all intramurals. Ronnie's special interest is in science which he has faithfully followed all through school. Ron will be long remembered for his excellent interpretation of Professor Dexter in the class play. Aside from these activities Ron was a reliable member of the Lion's Roar staff for three years, and also the Hi-Y club. Ronnie hopes to continue his formal education and become a professional man.

FRANCES SELENE MAYER

Rockledge

Commercial

*When Frannie's joyful wedding bells ring
We'll wish her the best of everything.*

Franny - blonde and attractive was usually one of our honor roll students - the nice kind who always seemed to have time to help you when you needed it. Her club membership included the Typing and Library clubs. She participated in intramural basketball also. Franny's likes are numerous. The most important ones are "real" Italian spaghetti and shorthand. (But not because they are both difficult to master). She doesn't like spoiled children - or homework - but as you can see by her high marks, she "went through with it" regularly! Franny's intelligence and understanding plus her friendliness indicate something special in the way of success.

CAROLYN ANNE McDONOUGH

Rockledge

Commercial

*Carolyn was helpful and quiet; and we tell you this,
She's a loyal classmate we will really miss.*

Carolyn was another quiet member of our class, except when there was some job to be done, such as selling something or making tickets for a prom or dance; then Carolyn was a very willing, helpful, and talkative classmate. For her clubs Carolyn chose the Tri Hi-Y, of which she was president in her junior year. Also the Glee club and Chorus absorbed her interest because singing is one of her special likes, with dancing a close second. She was a member of the business staff of the yearbook and was our senior May Queen Attendant. Carolyn isn't quite sure of what career she will follow but she hopes to do secretarial work to start. She will be a cheerful, efficient, worker in any position - of that we are sure!

*If Betty becomes your capable nurse,
Have no fear for she'll be well versed.*

All through high school Betty decided that nursing was to be her choice of profession. With Betty's kindness, cheerfulness and interest in others, she should reach this goal easily. She did a fine job of acting in our junior play and her chosen clubs were Typing and Shop. Betty likes "mostly every thing" but good food and excitement top her list. At the bottom of her list are conceited people and very hot days. After graduation Betty is going to settle down to hard work and study at nursing school, preferably that of the Frankford Hospital! Knowing Betty's ambition and perseverance, we're sure she will succeed.

For her we know life's just begun.*

Our good humored giggler "Peggy" with her sparkling blue eyes is usually full of life and giggles. She added her pep and enthusiasm to all our school and class activities and "sparked" our championship intramural team in our sophomore year. Her friendly and happy go lucky spirit won her many friends throughout her school years but did not stop her from fulfilling her more serious duties in the Choir and Glee clubs. Peggy admits she enjoys the company of the stronger sex (and from what we have observed the enjoyment is mutual). Peggy's future plans include working for her father and saving what money she doesn't enjoy spending in her happy future.

His winning manner will carry him far.*

When Gordie joined L.M. from Warminster in '47 it was a much greater loss to them that it might have seemed then, for Gordie has developed a conscientious, amiable manner which has won him many friends. He played four years of varsity baseball and three years varsity basketball, becoming basketball captain in both his junior and senior year, and baseball captain in his senior year. Gordie favored the Science and Art clubs. He was elected to the Student Council and Athletic Council by his classmates. As yet, Gordie hasn't decided definitely what he wants to do after graduation, but with his ability to win friends we feel assured of his success in whatever field he chooses.

Any type of job we know he'll capably fill.*

Bill is another one of our quiet but fun loving classmates. He is always easy to get along with and is willing to help anyone. For these reasons Bill had many friends at L.M. He participated in intramural basketball for two years and football for a year. Bill chose the Hi-Y as his club. In his junior year he was elected to represent his class on the Student Council. Although Bill never claimed to enjoy the studious part of school life, he always maintained an average or above average record with comparative ease, and always seemed to have any situation well in hand. Like so many of us, Bill, too, is undecided about what there is in the future for him. We hope for the many good things he deserves.

Bobby's friendly manner, cheerfulness, and wit have made her a friend to all. She was always a sight for sore eyes with her attractive wardrobe. She was a member of the Glee, Library, and Safety clubs. We would call Bobby a typical lady driver, a GOOD one naturally. Her favorite pastimes include eating, dancing and traveling — when she isn't driving! Although Barbara announced almost daily that she disliked school, she was interested in preparing herself for a good position. All of us wish Bobby success in getting the kind of work she wants and a headstart up the ladder of success.

His share of success we feel he will find.*

Quiet and studious Gene was one of our most conscientious classmates when it came to his school work. He worked hard and well earned his fine marks. Gene wasn't always studying though, for along with playing two years of varsity basketball he participated in class sports, basketball and soccer. He belonged to the Hi-Y and Science clubs and was a member of the photography staff of the Elmleo. Gene's most unusual in that he has no particular dislikes; however his definite likes seem to be basketball, dancing and photography. In his spare time he can be found either taking pictures or adding to his stamp collection. Gene's after graduation plans are to attend college and study engineering. We all want to wish the best of everything to a fine classmate.

"Rosie" is a name that just suits this very pretty and very popular classmate of ours. Full of personality and school spirit. Besides being class secretary in her junior year, Rosemary belonged to the Elmleo, Tri-Hi-Y, Safety, and Cheerleading clubs, being elected captain of the Cheerleaders in her senior year. She also has the honor of being elected L. M.'s first football queen. A May Queen Attendant since ninth grade, Rosemary was elected May Queen in her senior year. After graduation Rosemary would like very much to go into communications work for the airlines and we know that with her sunny smile and pleasing personality she will be a big success.

"Herm", our very talented class artist, came to us in his junior year from Olney High School. Olney's loss was definitely L. M.'s gain, for we soon took advantage of Herman's artistic talents. His ability to draw won him the honors of being "class artist" and Art Editor of the Elmleo. Herman's choice of clubs included Art and Hi-Y. He showed his school spirit by attending most of the athletic events and participating in class sports. After seeing Herman's artistic talent in action, it is easy to understand why he would like to continue in this field after graduation. In this, we wish him all the luck and success he so well deserves.

In her sophomore year Gwen held captaincy of one of our intramural basketball teams. Her interests range from traveling to all things domestic — especially baking and sewing. Goodlooking Dan with his fine baritone voice and all around musical ability was a great asset to our class and school. He put his talent to use in the Glee club, Choir, Band, and Orchestra. Music wasn't Dan's only love. Sports were a close second. He played varsity football for a year and a half and managed the football team for the remaining year and a half. His interest and efficiency won him the job of baseball manager in his junior and senior year. Dan was a member of the football, basketball, baseball, volleyball, and soccer intramural teams. Friendliness, sense of humor, and a winning personality — these are a few of the fine qualities that Alice possesses. Alice was elected captain of the basketball team in her senior year. Her many talents were shown in her varied club interests; Glee, Safety, Library, and Student Council for two years. Alice also served on the make-up committee of our Junior play. Alice likes dancing and eating hoagies but not rainy days in hockey season and conceited people. She belonged to the Art, Glee, and Tri-Hi-Y clubs. Though she has no particular dislikes, art, music, sports, and reading seem to be Elaine's special likes. She was also a member of the Glee, Tri-Hi-Y clubs, Choir and chairman of the advertising committee for our junior class play program. In spite of all this Phyllis still managed to be L. Nancy was a member of the Glee, Library, and Safety clubs, and offered many a good suggestion in the club meetings. She enjoys dancing and the company of those of the opposite sex – but not so favored are shy boys and conceited girls. We always valued Nancy's opinions too, and could depend upon her to be frank and honest. She took pride in her class and school and was ever anxious for "progress." Since Nancy's course was the commercial, we hope she will find a position to her liking in the business world.

Herb is well liked by everyone and in his senior year he was elected president of both Safety and Hunting and Fishing clubs. Herb also had a leading role in our junior play which I'm sure we'll all remember. College is in Herb's future – and that means more friends and more happiness for Herb.

Besides doing a commendable job on the literary staff for the Elmleo and Lion's Roar, she found time to play important parts in the Safety and Glee clubs. One of the quietest members of our class, but one of the nicest and most interesting, too, is Dolores. As a member of the yearbook staff she was a very capable typist. Her outside interest is horses and she spends much of her spare time around them, since she has a wonderful collection of pictures and books and a dream come true — a colt! Aside from horses Dolores maintains a hobby of amateur photography. After June Dolores plans to work and continue her education at a business school. Aside from her "twirling" she has been a cheerleader for two years, advertising chairman on Lion's Roar staff, member of Safety and Glee clubs, typist on Elmleo, class secretary in her senior year, and played the part of "Judy" in the Junior play. That's a lot for one girl but in addition to all these activities Pauline also participated in intramurals and varsity hockey for two years. Phil was a member of Home Economics, Art, and Safety clubs, being vice president of the last in his senior year. Philco likes shop work and good food but he definitely dislikes homework. In that he is not unusual but he is rather so in his special interest which is going to all different kinds of agricultural shows. His other hobbies and interests are making things for his home. That sounds promising for the future Mrs. Simon. Having fun and cracking jokes are Jerald's past time, but when the time comes to be serious Jerald can get right down to work. His special "love" is cars while his only dislike is homework — the common complaint. Jerald was a varsity football player for three years; we don't think anyone will ever forget that touchdown he scored against Bensalem to tie the score. Her chief hobby, "cutting a rug," along with sports, especially varsity basketball which she played two years, took up most of Clem's recreation time. She worked equally hard as typist and business staff member for the Elmleo and contributed her services to the Lion's Roar as a "news-getter" and typist. This young man is one of the easiest to get along with that we will ever meet and we'll miss him after graduation; yet Fred has definite likes and dislikes. He likes food and can "put up with" money. He also likes cars, photography and fishing. His main dislike is school, so he does not plan to attend another after his "honorable discharge" at graduation. Fred plans to visit Alaska and from then on he is undecided. Perhaps Alaska will furnish the ideas for which he is looking. Since Nancy held so many positions and managed them all so capably, we don't know where to begin in describing the activities of this fun loving, spirited classmate of ours. But since Nancy and sports were inseparable, that's the best place to begin. Nancy was the goalie on the hockey team for four years, captain in her senior year; forward on the basketball team for three years, highest scorer in her junior year; and a member of all the intramural teams. Nancy also coached her class basketball team to the championship in her sophomore year. Nancy, whose school spirit equalled her athletic ability, was a member of the Athletic Council, Tri-Hi-Y, Shop, Typing, Art, and Safety clubs. She was just as good a worker as a leader being a member of the Elmleo business staff and the Lion's Roar news staff of which she was chairman in her senior year. Nancy's plans for her future are indefinite but her friendliness and ability to lead will help her in whatever her future may be.

Football

Lower Moreland's football team led by our able captain Roger MacAdam, who was voted the most valuable member of the team by his team mates, played one of the best seasons of football in our recent high school history by defeating Council Rock and Southampton, our arch rival.

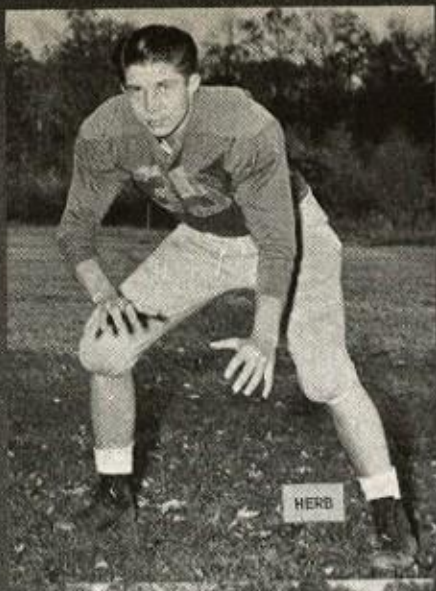

A big vote of thanks goes to our coaches, Mr. Wilkinson and Mr. Edwards, who produced the kind of team we always like to have around L.M.

Hockey

L.M.'s hockey season came to an end with Lower Moreland being one of the top three in the Tri-County League, with Hatfield and North Wales coming in first and second respectively.

With the helpful guidance and coaching of Miss Crowe and Miss Allshouse the team won three, tied three, and lost two. There were seven goals scored this season, three by our center forward, S. Hughes; three by the left inner, E. Onsa, and one by the right inner, A. Poust.

All the girls practiced and played with "spirit, stamina, speed and skill" and will always remember the dodges, passes and drives that go to make up a good game.

LIONS PLACE SECOND

Lower Moreland ended its 1952 basketball season in second place in the Lower Tri-County League. The Lions were led by Captain Gordon Moylan and high scorer Roy Richmond, who scored 175 points during the season. They gave us an exciting and well played basketball season which at its finish saw Lower Moreland and Jenkintown in a tie for the championship. Although the Lions lost the championship in the play-off game, the bonds of rivalry were strengthened. This promises more seasons of exciting basketball for Lower Moreland.

GIRLS WIN TRI-COUNTY CHAMPIONSHIP

The 1952 girls' basketball team brought glory and the Tri-County championship to Lower Moreland. In an undefeated league season climaxed by the victory over Hilltown, the girls set an enviable record of never being behind at the end of a quarter in a league game. Nancy Zill scored 151 points during the league season to be the Lionettes high scorer for the year.

Baseball

Since the dead-line for the yearbook always comes weeks ahead of the baseball season, it has been the practice of the Elmleo staff to include the team of the preceding season. This year, however, the staff members preferred to have the picture of the current baseball squad. For that reason, Mr. Martz issued the "call" early in March and the boys pictured above represent 1952 hopefuls. For these reasons, also, there can be no score summary, but we look to the Lions for another successful season, with the Tri-County Championship as their aims.
